Constantly thinking about food, weight, and body image...?

- Are you always dissatisfied with your body?
- Do you ever deny or hide your eating behavior?
  - Do you compulsively exercise?
- Do you ever vomit after a meal to "control" your weight?
  - Do you binge or emotionally eat?
- Are you counting calories, fat grams, preoccupied with numbers, and the size of your clothes?
- Do you have a friend or family member who needs help but you're not sure what to do?
  - Are you tired of living this way and ready to learn new ways to cope with your life?
